PATENT
Attorney Docket No. 915-001.035

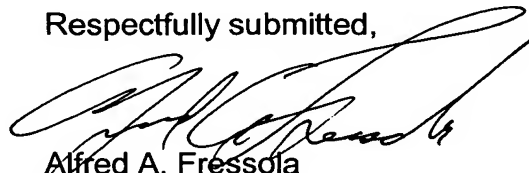

In accordance with 37 CFR §1.97(g), the filing of this IDS shall not be construed to mean that a search has been made or that no other material information as defined under 37 CFR §1.56(a) exists.

Enclosed is an International Search Report dated April 17, 2003 issued in International Patent Application No. PCT/FI03/00033 (filed on January 17, 2003), from which the present application now requests entry into the US national phase. Also enclosed are two Finnish Patent Office Official Actions dated November 18, 2002 and May 27, 2004, both issued in Finnish Patent Application No. 20020098 (filed on January 18, 2002), from which the present application claims priority.

Also enclosed is a Form PTO-1449 listing the cited references. Copies of the cited non-US references are also enclosed herewith (pursuant to the USPTO waiver of the requirement to submit copies of US references). The relevance of each reference is specifically explained in either the Search Reports, the Official Actions or the application specification, and the abstract of each reference provides a concise explanation thereof.

This IDS is being submitted simultaneously with the request for entry into the US national phase in this matter; therefore, the undersigned respectfully submits that no fee is due for filing this IDS. The Commissioner is hereby authorized to charge to deposit account 23-0442 any fee deficiency required to submit this IDS.

Respectfully submitted,
